- Connection and Networking
- Celebrate a Milestone
- Be Part of the Future
- Best-in-Class Speakers / Exceptional Learning Opportunities
- Take in Seattle

Walk Run Thrive

Michele Geiger
Sr. Branding and Digital Marketing Director | National CASA/GAL

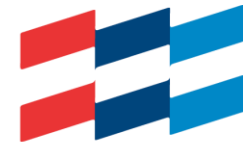

Walk Run Thrive

Walk Run Thrive is a run/walk event that brings together (virtually) the CASA/GAL community nationwide. Individuals choose when, where and how they participate in the event.

April 30 - May 1, 2022

Goals: To raise awareness and support for National CASA/GAL. To share information about our mission and the importance of volunteers across our network of state organizations and local programs through a unified national event.

Walk Run Thrive

2021 Highlights

- Inaugural event launched in May 2021.
- Nearly 2,000 participants from all 50 states and the District of Columbia.
- Very visible promotion throughout the event weekend, with many stories and photos shared by individuals across social media.
- Introduced new supporters to our mission through event participation.
- Several organized groups of CASA/GAL staff and volunteers participating together.

Network Toolkit

A **toolkit** available on the member portal includes:

- Social media graphics
- Sample content for website announcements, emails, news releases and more
- Ideas to leverage the national event locally as part of a fundraiser and/or volunteer recruitment effort

Any questions can be sent to events@nationalcasagal.org

Fundraising Ideas

- Anywhere you publicize registration for Walk Run Thrive, also provide a link to a donation page for your local program.
- Consider a peer-to-peer campaign: When asking people to register for Walk Run Thrive, also encourage them to ask their friends and family to support their walk/run with a donation to your local program.
- Encourage friendly competition among your board or volunteer leaders to have them “compete” to see who can get more supporters participate in Walk Run Thrive and make a donation to your local program.
- Consider gathering testimonials from event participants by asking individuals to register for Walk Run Thrive and share their participation and their reason for supporting your mission.

To learn more or to register go to the [Member Portal](#) > Events calendar.

National CASA/GAL Webinars

To support communication efforts, an email communications template is available for use.

6.29.2021

Drug Identification and Trends

In this one-hour webinar, the National Alliance for Drug Endangered Children (DEC) will help provide information around drug identification and trends so professionals and community members know what to look for. Many professionals know about addiction and substance misuse...but many do not know about drug identification and drug trends.

For example, a child welfare investigator may not know what a meth pipe looks like, what marijuana extract looks like or smells like, or what other drugs or paraphernalia look like or smell like...and if they do not know, how are they identifying these in order to help children and families?

Presenter: National Alliance for Drug Endangered Children

Number of in-service credit hours: 1

Download the [volunteer communications template](#) to share this event with your advocates.

National CASA/GAL Archived Webinars

Archived webinars are available on the member portal at [Training>Webinars](#).

Webinars

National CASA/GAL Association for Children hosts regular webinars that are open to the full network as part of membership.
